

## CHAPTER MEETING MINUTES

December 2<sup>nd</sup>, 2015

Rocky's Bricktown  
225 East Sheridan Avenue  
Oklahoma City, OK 73104

Attendance: Members 61 Guests 33 Students x

President Semtner called the meeting to order at: 7:05 PM

- President Semtner opened the meeting with recognition of Chapter Officers and Research Promotion donors that were presented with gold, silver, and bronze coins.
- Paul Weigl of OG&E presented on OG&E Incentive Programs
  - Residential Programs
    - Home Energy Efficiency Program (HEEP)-HVAC equipment review and tune-up
    - Positive Energy Homes-Reviews home construction to provide inspection and certification based evaluation of building materials such as insulation, high-performance windows, tight construction and tight ductwork, and energy-efficient HVAC equipment.
    - Geothermal Program-tax credits and incentives
  - Commercial Lighting Program
    - Provides incentives to commercial customers that purchase and install LED lights in retrofits and new construction applications. Rebates typically cover 1/3 of the cost of the improvements.
  - Commercial & Industrial Energy Efficiency Programs
    - Program helps delaying construction of additional incremental generation until 2020.
    - Programs offers rebates to help reduce some cost associated with installing new equipment in lieu of repair older equipment.
    - Covers 20-30% of the replacement cost for replacement of:
      - Motors
      - Chillers
      - Compressed Air Systems
      - HVAC Systems
  - Smart Metering
  - Variable Peak Pricing Programs
  - MyOGEPower.com to access meter usage info

The meeting was adjourned.
