**Chapter President
Dusty Stoabs, P.E.**

Greetings ASHRAE Members, Associates, Affiliates, and Students! I hope everyone has had a great summer. I'm excited about Fall temperatures, football, and the start of the ASHRAE year coming up! Despite the Chapter being off this summer, your 2012/2013 Central Oklahoma Chapter Board of Governors, Officers, and Committee Chairs have all been working diligently to make this season a great success! Work taking place over the summer included getting expert presenters lined out for our monthly technical sessions, working out the logistics for various Chapter field trips including a bus ride to Dallas for the AHR Expo in January, promoting our annual golf tournament, working out the final details on a superior restructuring of our scholarship program, and much more!

PRESIDENT'S MESSAGE

Continued from Page 1

The start of the year is also the perfect time to go to the Society website and update your member information. Go to www.ashrae.org and login, then click on "Membership & Conferences" and then on "My Membership".

If you've let your membership lapse, now is a great time to bring it up to date because this year is the year that the ASHRAE Handbook – Fundamentals is published! That book is only published every four years, so tell your colleagues who aren't members that this is the year they need to join, for all the benefits that membership brings, plus to make sure they get the new Fundamentals Handbook!

Looking forward to a great year!

Dusty Stoabs, PE
